# Connecting Android Device
NHTV Eduroam

Please follow the steps shown below to connect your Android device to the NHTV Eduroam Wifi.

Step 1:

- Please go the Wifi list on your Android device. When your inside a organization which support Eduroam, the wifi SSID will be shown in your Wifi list.

Step 2:

- Fill in your Username and Password. The Username is your studentnumber + @nhtv.nl.
 See example below:

Step 3:

- If everything is filled in correctly, you will be connected to NHTV Eduroam wifi.

Did you change your NHTV Password?

Press and hold the **eduroam** network for 3 seconds and click **"Forget Network".**
Please follow step 1 till 3 to configure eduroam again.
